### **PROGRAMS ARE SUBJECT TO CHANGE WITHOUT NOTICE**

- **Price Later (PL) Charges** – will be 5 cents/bu with a minimum charge of \$0.15 per bushel beginning with loads delivered Monday, 9-11-17. After delivery, you will receive a “Signature Page” which requires your signature and must be returned to our office within 30 days of delivery. Nearby *cash bid* will be used when pricing PL soybeans.

**PL charges will be waived if soybeans are priced prior to 10-20-17.**

- **Note:** Under Current FSA regulations, soybeans placed on SDSP’s PL program are **not** able to participate in the CCC Marketing Loan Program. Please check with your FSA office on the details of their programs.
- **Spot Loads** will be priced out at **1:00 p.m. the following business day after unload. Please note that when you tell the Scale Operator to “Spot or Sell the overrun”** that those bushels will be priced at 1:00 p.m. the following business day, unless you contact a merchandiser prior to that time. Also, if you tell the probe operator nothing and you have no contracts, the load will be spotted out.
- **SDSP Deferred Payment Contract:**  
Request defer pay for year you wish to take payment (must request check before 12-31 of that year). We will pay 2 cents per bushel per month prorated from the date of delivery or PL pricing. Payments must be delayed more than 30 days to receive the premium. The seller **must** return a signed Defer Pay contract within 30 days of making the contract.
- **Our new probe and bean scales are in operation. Please use entrance #4 for bean deliveries.** There are speakers available at the probe, inbound, and outbound scales for you to communicate with our employees in the probe shack. There is a black button for you to push to call them on the speaker. If no directions are given on how to apply the load, and you have no open contracts, the load is **automatically spotted at 1:00 p.m. the day after delivery.**
- **REMINDER FOR VOLGA TRUCKS – ONE CARD PER TRUCK.** The “Carrier” will always remain the same for that truck. The “Customer” will remain the same and the splits will remain the same **UNTIL** the driver notifies the probe operator to change that on the ticket.
- **POLICY FOR BEAN TRUCK DRIVERS:** Please stay in your truck when weighing in and out on the bean scales.
- SDSP thanks you for your business. ***We wish you a safe and prosperous harvest!***
