

2024 CROP Non-GMO Certified Grower Network Survey #2

Dear Producer,

Mark your calendar to attend one of our “New Horizon” Producer Appreciation meetings upcoming in December. We will meet in Watertown on Monday, Dec 9, Mitchell on Dec 10, and Volga on Dec 11. More details will be given at a later date.

Thank you for helping SDSP build a successful NGMO program. This is an opportunity for SD Farmers to earn more per acre for their soybeans, with the NGMO soybean premiums.

To show our appreciation for your commitment, we would like to buy you lunch at the SD Pork Producer Food Booths at the 2024 Dakota Fest and the 2024 South Dakota State Fair. Just present the enclosed coupons for payment for your meal, compliments of SDSP. (Please note that we have included 2 tickets marked for Dakota Fest and 2 tickets marked for State Fair, so please use the correct tickets at the correct locations.) Thank You for your business and support of our programs.

Thank you for filling out Survey #1 which is step 1 to becoming a member of our Non-GMO Certified Grower Network. It is now time to fill out Survey #2 to complete the process and be eligible for the 10-cent premium per bushel for our Network Growers.

Below you will find the follow-up questionnaire to confirm your responses. Please complete and return this by **August 1st, 2024**, to the contact below. To submit an application electronically, visit our website at www.sdsbp.com/non-gmo-certified-grower-network/

As an incentive, Certified Growers will receive a **10 cent per bushel premium** on all Non-GMO soybeans marketed to SDSP if they submit the Surveys 1 & 2 on time. Certified Growers will also be granted priority status when other programs become available. Information provided in this survey will be compiled and shared with our meal and oil customers if they request it. They may request information on sustainability and regenerative ag practices, but we will not include or disclose any personal or individual information. Should you have any questions, please reach out to Kari or Kelly at 888-737-7888.

If we do not receive the follow-up survey by August 1, 2024, you become ineligible for the Non-GMO Certified Grower Network and the additional 10 cent premium per bushel for the 2024 crop.

Please Return Survey #2 to:
South Dakota Soybean Processors, LLC
PO Box 500
Volga, SD 57071
Or scan and email to:
