SDSP Non-GMO
2026 FALL POLICY
9-15-26

PROGRAMS ARE SUBJECT TO CHANGE WITHOUT NOTICE

All loads must be scheduled for delivery

Soybean Receiving Clean Trailer Policy: SDSP has a ZERO tolerance for the following:
***Treated Soybean Seed * Animal byproducts * Glass * Fertilizer ***
***Any other product/contaminant that is deemed unsafe for food consumption ***
Loads will be rejected if any item listed above, or other unsafe contaminant is found in your trailer.

If you have not completed both surveys required to become a NGMO SDSP Certified Grower, a $0.35/bu discount will be deducted from the contract price on your settlements.

Price Later (PL) Program Charges will be 7 cents/bu/month with a minimum charge of 21 cents per bushel beginning on loads delivered 9-28-26. If you price your PL beans by 10-23-26, the charges will be waived. Nearby ***cash bid*** will be used when pricing PL soybeans.

ALL 2026 CROP PL BUSHELS MUST BE PRICED BY 12-31-27.

Note: Under Current FSA regulations, soybeans placed on SDSP's PL program are **not** able to participate in the CCC Marketing Loan Program. Please check with your FSA office on the details of their programs.

Spot Loads – Bushels delivered over the contract will be priced out at 1:00pm the next business day after delivery.

SDSP Deferred Payment Contract: Request defer pay for the year you wish to take the payment (must request check before 12-25 of that year). We will pay 4 cents/bushel/month prorated from the date of delivery or PL Pricing date. Payments must be delayed more than 30 days to receive the premium. The seller **must** return the signed Defer Pay contract within 30 days of making the contract.

Schedule Deliveries – All deliveries are bases on "Buyers Call" for delivery. Please Note - Buyers Call is initiated AFTER the producer calls SDSP informing us they are ready to start hauling. The producer must call SDSP 2-3 weeks prior to hauling to be worked into the schedule.
